

NEONBEE (NEO) OFFICIAL WHITEPAPER

The Future of Community-Driven Finance on Polygon

1. Executive Summary

NeonBee (NEO) is a next-generation meme token built on the **Polygon (PoS)** network. Unlike traditional meme coins, NeonBee focuses on high-speed transactions, ultra-low gas fees, and a "Swarm Mentality" where the community drives the value. By leveraging the power of Layer-2 technology, we aim to make crypto accessible, fun, and profitable for everyone.

2. Token Details & Supply Allocation

Our tokenomics are designed for stability and long-term growth.

- **Token Name:** NeonBee
- **Symbol:** NEO
- **Network:** Polygon (PoS)
- **Contract Address:** `0x41a39bcB62233434D1CAF02eD91d368af47003ff`
- **Total Supply:** 10,000,000,000,000 (10 Trillion)
- **Decimals:** 18

Supply Distribution:

- **60% Liquidity Pool:** Locked to ensure safe trading for the community.
 - **20% Community Rewards:** For airdrops, contests, and active supporters.
 - **10% Marketing & Buzz:** To fund viral campaigns and global partnerships.
 - **10% Ecosystem Development:** For future upgrades and maintenance.
-

3. Why Choose Polygon?

NeonBee is strategically built on Polygon to solve the biggest problems in crypto:

1. **Lightning Speed:** Transactions are confirmed in seconds.
2. **Near-Zero Fees:** Send and trade \$NEO for a fraction of a cent.

3. **Eco-Friendly:** Polygon's Proof-of-Stake is energy efficient.
-

4. Roadmap: Phases of the Swarm

Phase 1: Hatching (Q1 2026)

- Smart Contract Deployment and Security Audit.
- Initial Liquidity Setup on QuickSwap.
- Launch of Official Social Channels (Telegram & X).

Phase 2: Buzzing (Q2 2026)

- Verification on Polygonscan and DEXTools.
- Launch of the Official Portal: neonbee.haneybee.online.
- Community-driven marketing and influencer collaborations.

Phase 3: Swarming (Q3 2026)

- Tier-2 Exchange Listings.
- NeonBee NFT Collection Launch.
- Global Charity initiatives for Bee preservation.

Phase 4: Neon Galaxy (Q4 2026)

- Major CEX Listings.
 - Integration into decentralized games (P2E).
 - Establishing NeonBee as a top-tier meme asset on Polygon.
-

5. Security & Transparency

- **Anti-Whale Mechanism:** Fair distribution to prevent market manipulation.
 - **Transparency:** All contract functions are public and verifiable on Polygonscan.
 - **Community Governance:** Major decisions will be voted on by the "Hive" (token holders).
-
